AGENDA ITEM: 8.1.1 Review of Local Purchasing support

Subject:	Local Purchasing Support
Applicant:	Not applicable
File Ref:	Policy
Disclosure of Interest:	Nil
Author:	David Blurton – Chief Executive Officer
Date:	22 February 2022
Attachments:	Procurement Framework and Executive Policy – Purchasing Goods and Services

PURPOSE

To provide Council the opportunity to review its local purchasing policy.

BACKGROUND

The Council has included a Key Performance Indicator of the CEO to develop a local purchasing policy with a key measure of success being a 10% budget spend being sourced from within the Shire of Narembeen.

The Council currently has in place a Procurement Framework which defines and guides many aspects of the procurement cycle. Sitting below this is an Executive Policy – Purchasing goods and Services which is an operational policy with more specific detail about how procurement processes will be undertaken.

Both documents already include some aspects of supporting the local business community through the supply of Council's goods and services and staff have marked up recommended changes to further enhance support.

CONSULTATION

Executive Manager Corporate Services
Works Manager
Economic Development Officer

STATUTORY IMPLICATIONS

Under the Local government Act, the Council is responsible for development of policy. The CEO is responsible for the development of processes to support the Council's policies.

FINANCIAL IMPLICATIONS

The policy introduces quantifiable amounts to support decision making when staff are comparing nonlocal quotes with local quotes. This may come at a cost for Council to support local businesses (up to \$15,000 with large purchases), however this is offset by strengthening the local economy and providing jobs and is considered a good investment from an Economic Development perspective.

POLICY IMPLICATIONS

Executive Policy – Purchasing Goods and Services
Procurement Framework

RISK MANAGEMENT IMPLICATIONS

Risk of policies being overdue for review – considered low risk
Reputational risk for not supporting local businesses – considered low risk
Economic leakage from local economy – considered low risk

STRATEGIC PLAN REFERENCE

Strategic Community Plan 2017-2027

Goal 1 – focus upon local economic drivers to retain and grow existing businesses, employment and to attract new industry.

Goal 2 – Internal and external relationships actively grow our Shire population and positive financial position.

After 10 years, we will have achieved:

- *The Shire and Local Business communicate and work together to capture opportunities*
- *We will demonstrate best practice local purchasing practices.*

VOTING REQUIREMENTS

Simple majority

COMMENT

Additional sections are recommended to be added to both documents to demonstrate the organisations commitment to sourcing local goods and services where possible.

Both Council and staff have an obligation to ensure value for money is achieved when sourcing goods and services and it is suggested that a 10% price preference is added for purchases up to \$100,000 and a flat \$10,000 is used for amounts between \$100,000 and \$150,000 and a flat \$15,000 is used for amounts over \$150,000 for comparative purposes when comparing quotes and tenders.

Further, Staff consider that the Shire of Narembeen should aim to source at least 15% of total expenditure locally per annum. Council expenditure on Narembeen based businesses for the period November 21 – January 22 was 13.4%.

To further support the growth of local businesses, Shire representatives can promote upcoming commercial opportunities at business events including Wheatbelt Business Network meetings as an example.

It is also recommended that Council prepare a press release to promote awareness of the new policy and as a show of support to the local business community.

OFFICER RECOMMENDATION

That Council:

1. endorse changes to its Procurement Framework Policy as attached and
2. note changes proposed to Executive Policy – Purchasing Goods and Services as attached.

PURPOSE

For Council to consider adoption of a Customer Service Charter.

BACKGROUND

The Council has included a Key Performance Indicator in the CEO contract to develop a customer service charter to improve relationships between elected members and community.

A customer service charter is a document that outlines how an organisation promises to work with its customers and the standard of service that the customer can expect from the organisation.

File Ref:	ADM186
Disclosure of Interest:	Nil
Author:	David Blurton – Chief Executive Officer
Date:	8 March 2022
Attachments:	Draft Public Health Plan 2022-2026

PURPOSE

The purpose of the report is to present the Draft Shire of Narembeen Public Health Plan 2022-2026.

BACKGROUND

Part 5 of the Public Health Act 2016 requires the preparation of two types of public health plans:

State public health plan prepared by the Chief Health Officer and
Local public health plan prepared by each local government district

A Local plan must be consistent with the State public health plan whilst responding to local public health risks. The plan must:

- identify the public health needs of the local government district
- include an examination of data relating to health status and health determinants in the local government district
- establish objectives and policy priorities for the promotion and protection of public health in the local government district
- describe the development and delivery of public health services in the local government district and
- include a report on the local government's performance of its functions under the Act

The Council's draft Public Health Plan has been developed by consultant Liew Withers in conjunction with ROE Regional Group of Councils. It has included a community survey and workshop with Councillors.

CONSULTATION

Community Survey
Shire President
Environmental Health Officer
CRC Coordinator

STATUTORY IMPLICATIONS

Part 5 of the Health Act 2016 provides for public health planning and will not come into effect until stage 5 of implementation. Once Part 5 is in effect each local government has two years to produce the first Local Plan.

Public health planning has been designed to complement the integrated planning process required under the Local Government Act 1995, to support and drive ongoing improvements to the health and wellbeing of local communities.

FINANCIAL IMPLICATIONS

The financial impact on Council in delivering the plan is not considered substantial. Identified strategies can be included in the Council's annual budget processes where appropriate.

COMMENT

Council is also in the process of revising its Community Wellbeing Plan document which it has developed in partnership with Holyoake, Department of Health, Department of Education, WA Police and community representatives.

It is envisaged that the two documents will complement each other with the CWP having a specific focus on Drug and Alcohol harm minimisation and mental health in the community.

The Draft Public Health Plan has five key strategies to improve standard of public health in Narembeen.

1. Prevent Harm from the use of Alcohol, Drugs and Tobacco
2. Adequate recreation facilities and lifestyle choices.
3. A healthy and sustainable community with access to relevant health services for all demographics
4. Planning a Covid safe and healthy outcome
5. Environmental Health protection to reduce risks to community health.

PURPOSE

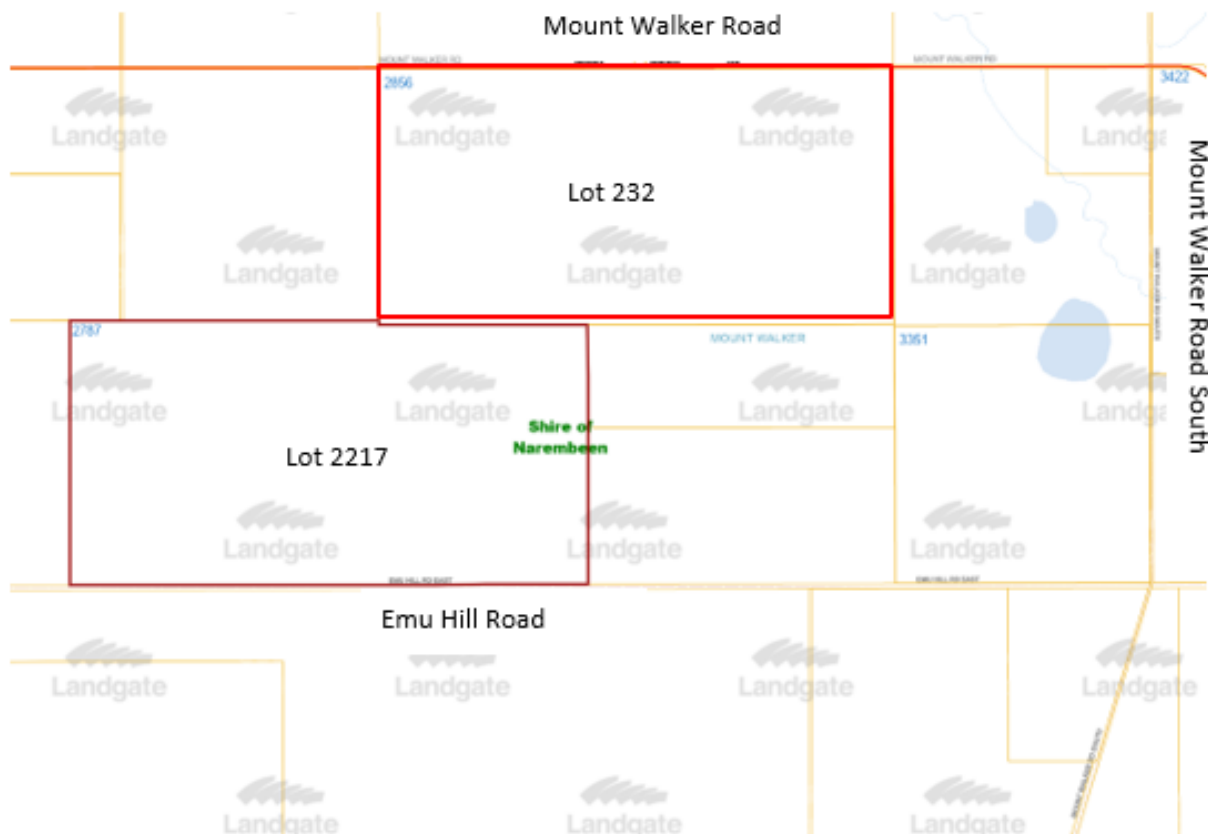

Council is to consider an application referred to the Shire by the Western Australian Planning Commission (WAPC) for comment and recommendation.

The WAPC has received an application proposing to realign the boundaries between Lot 2217 (No 2787) Emu Hill Road East and Lot 232 (No 2856) Mount Walker Road, Mount Walker.

BACKGROUND

The subject lots are used for agricultural activities and are substantially cleared. The existing lot areas are as follows:

Lot No	Lot Area
232	809.2094 hectares
2217	835.6759 hectares

CONSULTATION

The WAPC has referred the application to Western Power; Water Corporation; Department of Mines, Industry and Regulation; and the Department of Biodiversity, Conservation and Attractions for comment.

Comments are requested by the 11 April 2022.

STATUTORY IMPLICATIONS

COMMENT

Description of Application

The application proposes to realign the boundaries between two existing lots. There will be no increase in the number of lots.

The proposal will result in the following lot sizes:

Lot No	Lot Area
A	1324.8853 hectares
B	320.0000 hectares

The proposed subdivision plan is attached.

Scheme Requirements

The lots are zoned 'Farming' under the Shire of Narembeen Local Planning Scheme No 2 (Scheme 2).

Scheme 2 has specific provisions relating to the subdivision of Farming land as summarised in the table over page.

Clause 6.6.4 Subdivision	Assessment / Officer Comment
Having regard to the prime agricultural importance of land in the zone the local government will only support further subdivision of existing lots where:	
a) the lots have already been physically divided by significant natural or man-made features which preclude the continued operation of a farming property as a single unit (unless adjoining land could be similarly subdivided and thereby, by the process of precedent, lead to an undesirable pattern of land use in the area or in lots too small for uses compatible with the prevailing use in the area or in ribbon development alongside roads);	Not Applicable
b) the lots are for farm adjustment and the erection of dwellings is restricted;	The proposal is an adjustment between existing farm lot boundaries, and will not result in any increase in the number of lots or potential dwellings.
c) the lots are for specific uses such as recreation facilities and public utilities;	Not Applicable
d) the lots are required for the establishment of uses ancillary to the rural use of the land or are required for the travelling public and tourists (such as service stations and motels).	Not Applicable
e) There is a general presumption against subdivision in the zone, except that which is consistent with Commission Policy. When making recommendations to the Commission on applications for subdivision, local government will have regard to potential impacts on rural uses on surrounding lots, and whether or not an adequate and sustainable water supply is available.	The proposed subdivision is consistent with current Commission Policy, as explained over page. Both proposed lots will contain existing dams.

Relevant State Planning Policy

The WAPC has a Development Control Policy 3.4 that outlines the circumstances where the subdivision of rural land can be considered. The Policy requirements are summarised below:

Clause 6.3 Property rationalisation to improve land management	Assessment / Officer Comment
Multiple lots in one ownership may be rationalised provided that:	
(a) there is no increase in the number of lots;	There are 2 existing lots and 2 proposed lots.
(b) the new boundaries achieve improved environmental and land management practices and minimise adverse impacts on rural land use	The proposal is an adjustment between existing farm lot boundaries, and will not result in any adverse impacts. The proposed lot boundaries take into account the location of vegetation, dams and existing buildings.
(c) no new roads are created, unless supported by the local government;	No new roads are proposed.
(d) new vehicle access points on State roads are minimised;	No access points to state roads are proposed.
and (e) rural living sized lots (1-40 hectares), created as a result of the rationalisation, have appropriate buffer from adjoining farming uses and water resources, and may have notifications placed on title advising that the lot is in a rural area and may be impacted by primary production.	Not Applicable. The proposed lot sizes exceed 40 hectares.

OFFICER RECOMMENDATION

That Council recommend that the Western Australian Planning Commission unconditionally approve the subdivision application (No 162058) seeking a boundary re-alignment between Lot 2217 (No 2787) Emu Hill Road East and Lot 232 (No 2856) Mount Walker Road, Mount Walker.

PURPOSE

Council to consider allocating some of its own funds into the Ramelius Resources and Shire of Narembeen Community Benefit Fund.

BACKGROUND

The Shire of Narembeen Community Grant Program provides financial assistance to local incorporated organisations supporting the following program objectives:

- Supporting Seniors;
- Providing opportunity for lifelong learning;
- Improving/increasing safety within the community;
- Supporting local culture;
- Encouraging conservation and natural resource awareness; and
- Incorporating the elements of the Shire of Narembeen's Strategic Community Plan goals.

The Shire of Narembeen has an established policy 3.1.10 – Community Grant Funding which states that the Community Grant Fund is to be advertised in February/March of each year.

Council contributes between \$10,000 and \$15,000 per annum to the program.

In 2021 a Community Benefit Fund was established with Ramelius Resources and the Shire of Narembeen. Currently, Tampia Ltd (Ramelius Resources) are the sole contributor to the fund with an amount of \$40,000.

The first round has been completed with four community groups being successful; the second round is currently open now until the 31 March 2022.

The fund is open for other organisations to contribute to the fund as they see fit.

COMMENT

Service Agreement Award 2022 to 2027

The Narembeen CRC continues to deliver a high level of community development programs and services that benefit the Narembeen community as a whole.

By signing a five year agreement, this will provide the CRC and the Shire with a level of security and allow for longer term planning of initiatives that the community need.

The proposed agreement is in line with the existing agreement.

Annual Service Variation

The CRC has three service level outcomes (SLO), determined by DPIRD, that it is assessed against.

These are:

- Community members are provided with access to State Government and community information and services
- Local businesses and the workforce have access to activities and initiatives that improve skills and capacity to foster economic growth in the local community
- Community members have access to activities and initiatives that create or improve community connectedness and capacity.

Each SLO has a number of core services identified. The service variations that have been proposed are in line with the capacity of the current staffing model and community need.

Following an assessment on the current service delivery model, the main changes that were suggested and accepted were:

- to remove the need to fulfill government hot office hours, this space is used frequently but if not by a government representative, the hours could not be recorded,
- A reduction in the number of business development focus workshops (based on community need),
- reduce number of community focus information sessions (also based on community need), and
- increase number of one on one support for community members and local initiatives.

OFFICER RECOMMENDATION

Council approve the Chief Executive Officer to sign the Narembeen CRC Service Agreement Award 2022 – 2027 and Service Variation as presented by the Department of Primary Industries and Regional Development (DPIRD).
