Our Local Hero

Ash Hunter -- our hero.

In 2021, one of Ash's closest friends' 14-month-old daughter Mia Starr, was diagnosed with NF-1, a condition that causes tumours to grow on her nerve endings. Her tumour has covered her optic pathway, leaving her blind and a gruelling treatment plan of 70 weeks of chemo, a Hickman line and shunts because of hydrocephalus.

In a group chat, Ash's friends mentioned they had signed up for the London Marathon to run in aid of Mia. So, Ash wanting to help, joined the challenge! To raise money for Young Lives with Cancer.

Ash has not been a runner so this was a massive promise that she has kept. The Marathon is in April and Ash leaves on the 18th to head to the UK to run 42kms! What a commitment- training all through summer. The Narembreen community has been right behind her -though not running. Sometimes on bikes or just checking on her progress as she went on a running programme that started with a 1 km run.! She has now finished her training and the longest last run was 32kms. Apparently, you just trust on sheer determination to do those extra 10kms on the day. Ash obviously has plenty of that.

On her last run, last week, she was welcomed on the final lap by the whole Narembreen School lining the street, clapping, cheering and holding posters. As she ran the last 100 metres, they all took off after her to run it with her. Chris Arnold (Principal) was hoping that they would come back!

As a result of this incredible commitment of endurance Ash has been interviewed by the ABC Radio, GWN and The Farmer's Weekly. She had aimed to raise \$3500 for the cause and it now stands at \$6507. If this story touches your heart and you wish to help Ash raise more- go to

JustGiving

Ashleigh Hunter

2023 London Marathon for our little Starr

The Narembreen community salutes you Ash, wishes you success and hopes little Mia may improve. We send you on your way with our love and best wishes.

Go Ash!

Free mammograms for women in Narembeen

BreastScreen WA's **FREE** screening mammogram service is coming to Narembeen

from 16/05/2023 - 19/05/2023 and the mobile clinic will be located at:

Narembeen District Hospital, 29 Ada Street

Women 40 years and over with no symptoms are eligible for a FREE screening mammogram.

Breast cancer is the most common life threatening cancer for women and 1 in 7 women in Australia will develop breast cancer in their lifetime.

Having a screening mammogram (breast x-ray) every two years significantly increases the chance of a woman surviving breast cancer and reduces the amount of treatment required. More than 75% of breast cancers occur in women over the age of 50. Research shows that screening is most effective for this age group.

BreastScreen WA's Medical Director Dr Elizabeth Wylie, said screening mammography was the most effective method for early detection of breast cancer.

"Screening every two years is vitally important to increase the chance of a breast cancer being detected when it is too small to feel or be noticed. Finding a cancer at this early stage often means that the breast cancer is small and more treatable".

"A free screening mammogram is one of the best things that women can do to look after their health. Breast screening saves lives and only takes 20 minutes," said Dr Wylie.

Screening mammograms may detect 70-90% of breast cancers.

Any woman with a persistent change in a breast should contact her doctor immediately.

Dates may be subject to change. If visit dates are not suitable participants are welcome to book at the clinic in a different town or at any of our [permanent clinics](#). For more information please visit BreastScreen WA's website www.breastscreen.health.wa.gov.au.

To make your free screening mammogram appointment – book online
www.breastscreen.health.wa.gov.au or call 13 20 50.

Early detection is your best protection.

SENIOR CITZ'S EASTER RAFFLE WINNERS

- 1st Ralph - York
- 2nd Maxine MIOLINI

Thank you to everyone that supported the raffle and those that volunteered to sell tickets. Over \$560 was raised.

School Reunion – those born in 1958

Back row – Vicki Dixon(Garmony), Rick Wilson, Mick Malone, Chris Lethlean, Al Whyte, Ray Sedgwick, Lynise O’Dowd(Jackson) Steve Bailey.

Front row – Sherrie Heather(Bow), Maxine Miolini(Thomas), Lynette McTaggart(Draper) , Sue Jenkins(Watters), Denise Cooper(Gould), Micky Hall, Karen Cockman(Smith)

On Easter Saturday the class of 1958 met at the Narembeen school at 4pm for a walk around. We then moved on to the Recreation Centre for dinner and lots of reminiscing and laughter.

On Sunday morning a recovery breakfast was hosted by Maxine and Robert Miolini. Sunday evening some of the group take the opportunity to go out to Wadderin for the night tour.

It was a great weekend with special mention to Ricky Wilson who came all the way from Townsville Queensland and Chris Lethlean from Clunes in Victoria. Lynise travelled from Bunbury, Sue from Mandurah, Lynette from Beverley, Ray from Bakers Hill, Denise from Wattlegrove and Karen from Roleystone.

Until the next reunion – thanks everyone for a great weekend.

PLANNING AND BUILDING APPROVALS

Residents are reminded that planning and building approvals are required for most outbuildings (shed etc.) that are constructed on lots within the Narembeen townsite, and approval is required before the building is erected otherwise the landowner can incur significant additional costs to obtain a retrospective approval.

Applications for retrospective building approval, in addition to the completion and lodgement of plans, will also require a 'Certificate of Compliance' issued by a registered building surveyor. As the Shire does not have a building surveyor in the Shire the landowner will incur travel and time costs to for the person to visit Narembeen.

Planning approval is not required if the outbuilding does not exceed 10m² in area, wall height does not exceed 2.7m and is not located within the primary or secondary street setback area (1.5m for lot side boundaries) and total out buildings don't exceed 60m² in area.

If you are not sure if a planning and/or building approval is required, please contact staff at the Shire Office who can provide assistance and referral to the Shire's contract building and planning people...

ANZAC DAY 2023

Please be advised that people will be marching from the Post Office to the War Memorial next Tuesday, 25 April for ANZAC Day. Please take care in the area.

get your

Flu  **Shot**

FLU NEEDLES – Free flu needles are available for:

People >65,
Pregnant women,
Children <5,
Aboriginals and those with a medical condition who are at risk.

We now have stock of them at the Surgery all you need to do is call and make your appointment.

If you do not fit into one of the above categories and would like to have a flu needle give us a call and book your appointment, we will organise for a script to go to the Pharmacy and you can collect it and pay on the way to your appointment on the day.

COVID VACCINES available

Add your flu shot and staying up to date with **COVID 19 vaccinations** to your winter to-do list. It's safe to get both at the same time.

COVID Vaccine clinic on **Friday 5th May 2023**. Please call surgery to book in.

Mari Geldenhuys – Practice Manager

Narembeen Golf Club

Club opening day on Sunday saw a small crowd of 14 enjoy the near perfect conditions for golf with a lovely green course, no wind, a temperature of around 20 and only a few flies.

The course and club house is looking a picture. Thanks to all those people who have contributed by attending busy bees. All that is left now is to play some good golf.

The winners of the ambrose event were Darien Pascoe (look out that handicap is going to come down this year), the young fella Mick Toovey and Paul Wanless. Pinnies : Nearest pin number 2 Noelas Knobs(Noela Cole, Robert Miolini and Steve Gault) , Best second number 6 Pinheads (Bevan Thomas and Adam Miolini), Best 3rd No 11 Shezza's Shielas (Sheree Thomas and Brian Cusack) and Longest last shot holed no 18 Kellies Killers (Kellie Mortimore and Tim Cusack) .

Twenty of us enjoyed a steak and salad dinner.

The ladies will open on Wednesday 19th April with an Ambrose event.

We should advise Members and the Public that we have a new" titled position" within the club. Bevan Thomas was appointed Course Manager at the AGM and we thank him for taking on this big job. Wife Sheree (who is new to golf) was reminding him at the beginning of the year that he had a Golf meeting that night. In Sheree's words "Bevan ,you have a golf meeting tonight that you should go to, because did you remember that you are - forgetting the title - Head of the Grass." So from here on in Bevan shall be known as Head of the Grass around the Golf Club.

Our Office Bearers for 2023 are President Robert Miolini, Vice President Gina Deluis, Secretary, Joan Cusack, Treasurer Julie Hayter, Ladies Captain Noela Cole and Vice Captains, Jul Miller and Darien Pascoe. Mens Captain, Aaron Lyon and Vice Captain is Paul Wanless. Catering Maxine Miolini.

Subs

Full sub \$175.00, Country \$75, Social, \$25.

Bank details BSB 306 026 Account number 5159579. It would be appreciated if subs could be paid as soon as possible.

Upcoming Fixtures: Ladies Wed 26th April Stableford – Carol Currie Trophy

Men Sunday 23rd April Sableford - Paul Wanless Trophy

Heres to a good season for everyone.

Autumn Club and Wheelchairs For Kids

 **Wheelchairs for Kids**
1d · 🌐

For the first time in our 25 year history, we are just about to run out of our plush toys that we send with everyone of our Wheelchairs 😞😞
So we are desperately seeking donated pre loved, soft, cuddly toys for our next and future Wheelchair shipments.
Ideally the toys would be less than 30cm in height. (toys with batteries can not be accepted)

Contact them on:

Telephone 08 9409 3633 or email: wheelchairsforkids@gmail.com

Over recent years the Narembeen Autumn Club has been delivering blankets and teddies/soft toys To Wheelchairs for Kids. So last week when the call out came from Wheelchairs saying *“for the first time in our 25 year history, we are about to run out of our plush toys”*.

Autumn Club then went into action and around to Dorcas where Rosemary very generously supplied 3 large bags of soft toys.

They were then sorted and the next day they were on their way to Perth.

An initiative of the Rotary Club of Scarborough WA
In association with The Christian Brothers

April 2023

Dear Members of Narembeen Autumn Club

A very big thank you from us all at Wheelchairs for Kids for your recent donations of beautiful rugs and knitted toys. We have seen how big the smiles are on the faces of the children when they see the rugs and toys they have been gifted.

2023 has its running shoes on and we are trying to keep up with the demands for these wonderful wheelchairs. We now have ready-to-go a container of 340 wheelchairs to be sent to Kenya. This should be on its way just after Easter.

A wheelchair will help the child get to school and then be able to play with their friends. A great outcome.

Once again, a huge thank you for your support and beautiful donations. The children will love them.

Sincerely

Sue Crockett for

Beppie de Kuyer

CRC Coordinator 12-month contract (Maternity Leave Cover)

Applications are invited for the Coordinator position with the Narembeen Community Resource Centre, starting in mid-June 2023.

This position is offered on a fixed-term 12-month contract to cover maternity leave, with the possibility of an extension or transitioning into a job-sharing arrangement with the current incumbent. The position offers a flexible roster of between 60 - 76 hours per fortnight (such as school or childcare friendly hours) with the ability to choose your working days.

For a copy of the position description please contact the Executive Manager Corporate Services by phone on 9064 7308, by email at emcs@narembeen.wa.gov.au, in person at the Shire of Narembeen administration office (1 Longhurst Street, Narembeen) or simply download it from the Shire of Narembeen website.

The key objectives of this position include:

- Ensure that the most appropriate and effective services in education, training, communication, information, events and business are promoted and provided to the community
- Provide community members with access to government and community information and services
- Oversee and manage the day-to-day operations of the Community Resource Centre, including employee management, event scheduling and grant acquittals
- Comply with all Department of Primary Industries and Regional Development contract requirements.

To apply for the role please submit your application, including an up-to-date resume and cover letter responding to the selection criteria listed in the position description to:

Ben Forbes
Executive Manager Corporate Services
1 Longhurst Street

Grain Brokers Australia Weekly Market Report

April 18, 2023

US winter wheat woes worsen...

Winter wheat harvest prospects in the United States this season are declining rapidly as the drought conditions that have gripped the Southern Plains wheat belt for much of the past two years continue to deplete soil moisture reserves and erode yield potential in crucial production states.

Wheat markets are generally sensitive to late freezes at this time of year, but it will matter for little if crop-saving rains fail to arrive in the coming weeks and provide essential relief to extremely stressed plants. Susceptibility to diseases such as crown rot, stripe rust and wheat streak mosaic virus, or attack by pests such as aphids and mites also increase when the plant is stressed. While some districts have received scattered showers this month, much more is needed to turn the situation around, and there is very little in the current forecast to excite growers.

US crop ratings reported by National Agricultural Statistics Service early last week pegged national winter wheat conditions for the week ending April 9 at 27 per cent good-to-excellent, against 28 per cent a week earlier and 32 per cent a year earlier. The 1 per cent decrease week-on-week puts the ratings equal to the worst on record for early April. The ratings cover 18 selected states, accounting for 88 per cent of the area planted last autumn.

Farmers across Kansas, the biggest winter wheat-producing state, which generally accounts for around 25 per cent of US production, face the biggest challenge. The crop rating came in at just 13 per cent good-to-excellent compared to 34 per cent at the same time last year. The only state with a worse rating is Idaho, with a good-to-excellent rating of 10 per cent, but it only accounts for around 2 per cent of the total planted area. At the other end of the scale, 61 per cent of the Kansas winter wheat crop falls into the poor and very poor crop rating categories, against 32 per cent on April 10 last year.

The drought monitor data released last week shows that 43.5 per cent of Kansas is experiencing the most severe drought rating of "exceptional" as of April 11. A further 12.8 per cent falls into the extreme drought category, and 12.9 per cent is experiencing severe drought. Collectively, that means that more than 69 per cent of the state is rated severe drought or worse, with only a pocket in the northeast of the state, which accounts for 12 per cent of the land mass, under no drought declaration.

While wheat is a resilient plant, consecutive drought years have completely depleted soil moisture reserves across the state. As the crop emerges from dormancy, it is critical that the plant has immediate access to moisture to recommence the growing process. Last year there was some subsoil moisture for plants to access if they had an established root system, but this year the entire profile across much of Kansas is bone dry.

In the prospective planting report released by the USDA on March 31, Kansas accounted for 21.6 per cent of the total winter wheat area. Second and third on that list were Texas and Oklahoma, with 17.9 per cent and 12.3 per cent, respectively, for a three-state total of 51.8 per cent of the area planted to winter wheat in the US this season. The big problem here is that both these states are suffering the same fate as Kansas.

In Texas, the good-to-excellent area came in at 17 per cent, but this was actually ten percentage points higher than the same week in 2022. The poor and very poor rated area was 47 per cent on April 9 compared to 79 per cent a year earlier. Three Texas counties had their driest March on record. The situation is so dire in the Texas panhandle that many farmers are already calling this season's crop a complete failure. What wheat did emerge in the autumn had very poor root establishment due to lack of moisture, and it was then hit by freezing temperatures over the winter.

While the state's drought status is better than Kansas, last year's extreme drought left very little in the soil moisture tank, especially in the key winter wheat counties. Last week's drought monitor data put the exceptional, extreme and severe drought areas at 4.1, 16.2 and 37.6 per cent of the state, respectively, for a total of 57.9 per cent.

The crop ratings in Oklahoma tell an eerily similar story, with 20 per cent of the planted area rated good-to-excellent compared to 29 per cent 12 months ago. The poor to very poor rated area is up significantly from 33 per cent on April 10 last year to 46 per cent on April 9 this year.

Although drought conditions have improved across the state in recent weeks, the panhandle and north-western Oklahoma remain in exceptional or extreme drought. The drought monitor data put 48.6 per cent of the state in severe drought or worse. Most western counties have not received rain for more than 40 days, and parts of the panhandle county of Texas have gone almost eight months without precipitation.

Despite the 13 per cent increase in US winter wheat planting this season, production is likely to be lower than last year. The damage has definitely been done at the top end of the yield curve in many regions, and a substantial change in the weather pattern is required to salvage an average crop nationally.

While it is only two months until harvest, it is far too early to put a figure on winter wheat abandonment. However, with poor crop establishment in the autumn followed by a hot, dry and windy spring, it is probably fair to say that it will be much higher than usual.

The fate of the winter wheat area is sure to engage the spring wheat market. The US needs to ensure that all of the 4.28 million hectares of intended plantings, or 21.2 per cent of the total US wheat area, actually get seeded over the next few months. It is very early days for the spring wheat program, but the poor winter wheat production outlook puts added pressure on the key states of North Dakota, Montana and Minnesota to plant and produce this season.

Call your local Grain Brokers Australia representative on **1300 946 544** to discuss your grain marketing needs.

A good way to start.....

Footy was back for the Hawks on Saturday as the boys travelled up to Merredin to start the year with a contest against the Cats. Burracoppin are a club that continues to build from some tough years not all that long ago. The Cats have found their feet again as they have become not only well run off the field but highly competitive on it. It promised to be a tough start to the year.

With only six members of their 2022 premiership side the Ressies were a bit short to start with. The Burra boys were kind enough to rustle up a couple of players for the Ressies and they got away with an eighteen-on-eighteen contest. Despite being down on numbers and experience the boys started well and were highly competitive throughout.

Baden Kennedy led a diligent midfield with his insatiable appetite to win contested footy. He set a tone which the others were keen to follow throughout the day. Kennedy's example was followed by many but no one more closely than Stephen Cummins. Cummins, 17, played a centre half back and in the ruck and worked hard all day. His ability to win the ball in the air and then on the ground shows glimpses of a bright future.

Only a couple of goals down at three quarter time the Ressies couldn't quite make the most of their last turn with the breeze. Having to win the game from behind and into the breeze with one quarter to go was always going to be tough. The numbers and fresh legs eventually wore the boys down and they would come second by six goals.

Burracoppin 8-2 50 Hawks 2-4 16

Best: Cummins, Kennedy, Poultney, L.Brown, J.Brown

The main game started with expectation high in front of what was a handy crowd. After what had been a successful and exacting preseason the Hawks were keen to get into the real stuff. Which showed in the way they started.

The midfield was quick to get on top as big Jake Solomon showed his class as a tap ruckman and an influence around the ground. At the bog boys' feet, a midfield led by Connor Spinks showed size and pace as they spread their opposition out. Spinks was good in the contest and impressive in his ball use. He was ably assisted early on by new Hawks Nick Winters and Tom Baldwin who both got more of the footy the further things went.

With such a dominant midfield the Hawks forward line looked to make the most of their control. Jayden Hooper had a day out at fully forward as he led well to good supply and also showed an ability to take a strong contested mark. Hooper would kick seven and give away at least three in a dominant display. Dave Mortimore enjoyed being in front of the ball as well with four goals and Cody Duncan kicked three.

After the long break it was clear the Hawks had the Cats in the bag, so the focus moved to how well they were playing. A big picture view took in the contributions from across the board. Ressies premiership players Rhi Green, Nikau Brown and Cooper Sprigg all contributed strongly and looked at home at the higher level while debutant Chey Barrett showed his eagerness for a contest with some bone jarring tackles.

Hawks 21-13 139 Burracoppin 3-8 26

Best: C.Spinks, J.Solomon, J.Hooper, M.Miolini, T.Baldwin, H.Spinks

It was a good start to with signs of what promises to be another strong and enjoyable season at the Hawks.

The Gmeiner 10

Once again the big boys are starting to roll out their lists of who they think are the best in the big competition. They get paid the big bucks to spend hours and hours pouring over vision and giving their opinion out. Half their luck! We don't quite have the budget for that here at UEDFLP so we just told the nearest old bloke we could find to give us his opinion.

So here is the Gmeiner 10. The Gmeiner 10 is a list of the top ten locally based footballers in the EDFL competition according to this old bloke we found. The decision, so he says, is made up of careful consideration of how these players performed in the previous season and how he feels that they should be rated as a whole. Hopefully this article will incite one of the great things about footy, healthy debate.

10. Sam Hooper

Although injury has curtailed him for a while over the last couple of years, Hooper is still one of the best players in the competition. Sam has a ferocious willingness to compete once the siren goes and brings a lot to the table when he does. He is deceptively tall, genuinely quick and such a hard match up where ever he plays. Guys like Sam are what a club can build a side around.

9. Dane Stephen

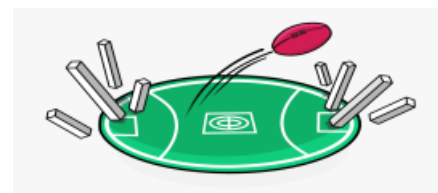

Stephen is of a similar ilk to the guy listed at number ten. He is still the talisman of the Bombers and has held them on his shoulders more than once. A calm but at times brutal player Dane runs in straight lines and has a change of gear that really sets him in the top echelon of the competition, no matter who has been recruited in. Like Sam, Dane is the kind of guy that a club can build a side around.

8. James Kennedy

Now settled back in town, Kennedy has been arguably Narembeen's most important player in their resurgence. Simply because he hits the scoreboard. The smallest key forward in the history of the competition, James has this work rate that sets him apart from many and this ability to play so much taller than he is that he is hard to stop. If he gets a mismatch forward of the footy, he will continue to hurt sides who show him scant respect.

7. Trent James

TJ smacked me in the back once. Right in the middle, while I was umpiring. Says he got pushed, I'm not so sure. Think I just annoyed him too much. This is why I admire him so much though. TJ has this ferocious appetite for the contest that he is vital to the Saints. His competitiveness gets him to more contests than most and his ability to move out of congestion is a weapon. Trent is a very good player and if the Saints are to achieve the three peat, they need him badly.

6. Codan Daddow

Although rumours are that he is more permanently in Perth now I have to fit Daddow in this year. Only recently out of school, Codan had a bit of a breakout year in 2022 which culminated in getting a run in the WAFL Colts gf. In the EDFL he showed pace, smarts and skill that made him perhaps the most dangerous of the rising Cats midfield early in the season. He has this wonderful ability to stay balanced under pressure, like all good players do. He's got a bright future in front of him.

5. Alex James

James showed his absolute class last year. Coming off an acl and returning in the late rounds of the season, he could have bene forgiven for being a bit off the pace, or even not playing until 2023. Such is his obvious love for the footy club through that was probably never in his mind. Aj returned and then not only coached his side to a flag from third but he won the Cosgrove while doing so. James has long been a wonderful player and remains so.

4. Josh Bootsma

Bootsma is a freak. Plus, I don't think we have since the best of him yet. The sound the ball makes when it hits his foot sets him apart from most in the competition. He is a big bastard and athletic to a fault. His time at higher levels shows how good he is and we have seen that in glimpses over his couple of years in the competition. He just looks to be settling himself, I wonder if 2023 might see him show how settled he is.

3. Lachlan Mouritz

Clubs need leaders, they need a talisman that everyone would walk into fire with. Lachlan is that man for the Saints. He remains ridiculously quick and is of that athletic build that makes him almost impossible to match up on. He breaks lines for the Saints but also works back to defend. Lauchlan remains a very good player who may just be moving into his prime.

2. Tully Biglin

Tully is a jet. That's probably all I need to write. He's a bit like Mouritz in that he could really play anywhere. He's big in the midfield and uses the ball well. I've seen him play key back with great effect. He is a leader who the players seem to really admire and who the club will need as they move forward.

Ben Doyle

Doesn't say much Benny, does he! Doesn't have to though when you play footy like he does. The big midfielder is so hard to find and so hard to stop in a competition where size is so rare and so vital. As I have written before, Doyle has this amazing ability to go from on the ground to on his feet running away with the ball before anyone can stop him. He works hard and is good over his head. Has another big year last year and if the Tigers get rolling he could really rip the competition a new one. He is the best player in the competition

So, there you have it. The best ten locally based footballers in the competition. Your thoughts?

Child safety is everyone's responsibility

Creating a child safe culture

Creating a child safe culture starts at the top. Leaders play a critical role in making sure the safety of children and young people is **a priority for everyone** through their personal actions and by modelling behaviours that demonstrate a commitment to child safety.

A child safe culture is where:

- all children and young people feel **welcome, happy and safe**
- children and young people are **encouraged** and enabled to **participate and speak up** about concerns and decisions that affect them
- child safety is discussed openly and often
- the mistreatment of children and young people in any way is **not tolerated** and any concern, complaint or disclosure of abuse is responded to **quickly and appropriately**.

Embedding child safety means making sure the wellbeing and best interests of children and young people are considered in everything an organisation does.

If you think a child is
at **immediate risk of**

HISTORICAL HIGHLIGHTS

A group of 10 made up our attendance on Monday at our monthly meeting. The main topic for discussion was the Old Church restoration. Although this is nearing completion, there are a few issues still ongoing. Being a heritage listed building it is not a straightforward process to effect the necessary works but we are getting there. All members are very enthusiastic about this project and are aware that it has been worth the wait. The garden on the west side will alleviate water run off to the next property. The big task for us will be the return of exhibits when the restoration is complete. It is only 6 years to the centenary of this building so it is pleasing that work has occurred at this point in the life of the building. Richard Keane has completed work on one engine from the machinery museum and will continue to assist us for which we are very grateful. A donation of a Narembeen District Class photo of Year 4 in 1997 was passed on by the CRC. Wilkinson Family members will visit in May and travel to the area where the family farmed at Mt Walker. Hazel Toovey recalled that she remembered the family coming to her family's home to visit so it will be wonderful to reunite her with Beatrice, the younger Wilkinson daughter. Our next meeting is scheduled for Monday, May 15th at 2pm at the History Centre. 'Yesterday is History, Tomorrow is a mystery. Today is a giftand that is why we call it THE PRESENT.'

Narembeen CRC Update

Hello everyone,

Hope you had a nice easter break and enjoyed some time with your families.

School Holiday Activities

Last week we had the first school holiday activity which was a 'Bake Off' at the CRC! It was absolute chaos with 28 kids - but so much fun! The kids baked ANZAC cookies and then had a cookie decorating competition. Flour, sugar and sprinkles went everywhere!! We hope everyone had the best time!

This Thursday we have the kids movie, it is not too late to RSVP to the CRC by calling 9064 7055!

Community Fox Shoot

The community fox shoot took place on Saturday 15/4 - Thanks to everyone who participated in the feral animal shoot and everyone that came to the BBQ lunch the following day!

From the feedback received we will try and schedule next year's shoot for early/mid March in order to not collide with sport and seeding and attract more people.

In total 153 animals were culled: 87 foxes, 1 feral cat, 65 rabbits! This means a total of \$765 will be donated to the Regional Men's Health Initiative through the Red Card program - great effort!!

A big THANK YOU once again to all sponsors for donating prizes: Elders, Narembeen Total Ag-Nutrien Ag Solutions, Narembeen Hardware, Cockies Ag, The Ag Shop, Steelo's Guns & Outdoors and Claremont Firearms.

Youth Week

The Youth Week Event is happening this Friday - the student council has been working with the CRC to organise all the ins and outs of the event and we are excited to bring another youth week event to our community.

This year's event is funded through the Wheatbelt Suicide Prevention Project (WSPP) sustainability funding .

Year 4-5 welcome for afternoon activities, Year 6 - 12 welcome all evening!

Please RSVP for catering purposes!

Previous NDHS students that are currently home for school holidays are also welcome! The more the merrier!

ANZAC Day

Returned Service Men & Women and any interested members of the community are invited to march, please assemble at the Post Office at 10.45am. Following the march to the war memorial we will resume with the Cenotaph Service and Laying of Wreaths followed by the Commemoration Service at the War Memorial. Attendees are invited to join for Lunch and Refreshments at the Shire of Narembeen Council Chambers following the service.

Please take caution on Latham Road from 10.45am - 11.00am while the march takes place.

Have a great week!

Vanessa King
CRC Manager

BEHIND THE GOALS

SAT 15TH APRIL

The first game of the season for the Narembreen men's team started well with a match against Merredin and a full 11 on the field and 3 subs running the bench, which in years past is quite unusual. After a last minute venue change from Narembreen to Merredin and ideal conditions.

The boys managed to get off to a good start with Jordan Sprigg scoring a goal off a short corner in the first quarter with the help of a 1-2 pass from Ben Latham. This goal was quickly followed with a second goal from Nathan Sprigg still in the 1st quarter, putting us in a great position and it was smiles all round. The rest of the match was good competitive hockey with Merredin scoring early in the 3rd quarter. There were plenty of opportunities for Narembreen to score again later in the 3rd and 4th quarter but the final score remained at 2-1 to Narembreen. Thanks to everyone who came down and supported the boys, looking forward to next weeks game at home and the rest of the season!

Team: Nathan Sprigg, Jordan Sprigg, Wesley Taylor, Josh Fuchsbichler, Gus Latham, Ben Latham, Cloe Moriau, Sam Nation, Harry Sargeant, Connor Sargeant, Layne Thornton, Deakan Miller, Ashton Fidge and Tadgh Fidge.

BLAST FROM THE PAST - Q&A

TERRI TENARDI

**WHAT YEARS WERE YOU AN ACTIVE PLAYER IN THE CLUB?
MID EIGHTIES AND NINETIES.**

**DO YOU PLAY ANY SPORTS THESE DAYS? IF NOT, HOW DO YOU GET EXERCISE?
I PLAY BOWLS WHEN IT SUITS ME AND TRY TO WALK MOST DAYS.**

**WHAT'S YOUR FONDEST MEMORY OF PLAYING HOCKEY?
THE ONE B GRADE PREMIERSHIP THAT WE WON, CAN'T REMEMBER THE YEAR AND THE ONE YEAR THAT I
PLAYED IN THE SAME TEAM AS MY DAUGHTERS.**

**WHAT POSITION DID YOU PLAY?
I PLAYED RIGHT HALF BACK AND THEN RIGHT FULL BACK.**

**BEST PLAYER YOU PLAYED ALONGSIDE?
LOUISA CHAPMAN WAS OUR COACH FOR AWHILE AND SHE WAS A VERY GOOD PLAYER.**

**WHAT'S YOUR FAVOURITE MEAL?
HOMEMADE LASAGNE.**

**WHAT ARE SOME OF YOUR HOBBIES?
I REALLY ENJOY PATCHWORK/QUILTING AND GARDENING.**

**IF YOU COULD HAVE DINNER WITH 3 FAMOUS PEOPLE WHO WOULD THEY BE?
ASH BARTY, JOEL SELWOOD AND SABRINA HAHN.**

BLAST FROM THE PAST - Q&A

GINA DELUIS

WHAT YEARS WERE YOU AN ACTIVE PLAYER IN THE CLUB?

1982-2019

LIFE MEMBER 2002

UMPIRED 1987-2019

DO YOU PLAY ANY SPORTS THESE DAYS? IF NOT, HOW DO YOU GET EXERCISE?

HIKING, BOWLS AND GOLF.

WHATS YOUR FONDEST MEMORY OF PLAYING HOCKEY?

**BEATING KARLGARIN IN THE 1988 A GRADE GRAND FINAL WITH STROKES.
SINGING TO THE JUKEBOX AT THE PUB AFTER HOCKEY, GRAVEL PIT PARTIES AND BUS TRIPS.**

WHAT POSITION DID YOU PLAY?

CENTRE FORWARD, WING, FULLBACK AND GOALIE.

BEST PLAYER YOU PLAYED ALONGSIDE?
